Dear Shareholders,

It gives me immense pleasure to communicate with you all about the turnaround in the working of your Company during the year 2020-21. The last 2 to 3 years were trying times for the Company in its spheres of operation viz. fertilisers, sugar and real estate. Your Company was fully engaged in devising strategies to improve the workings and took all necessary actions to sustain the businesses of various Group Companies, Associate Companies and Joint Ventures. This is mainly due to increase in interest income on funds lent to Group Companies. The real estate division was badly affected due to Covid 19 pandemic as the buyers are reluctant to travel to take possession of their property. We expect the situation to improve by 2nd quarter of FY21-22. The Earnings Per Share improved to Rs. 16.96 from 4.39 in the previous year.

The Company also declared interim dividend two times at the rate of Rs. 1/- per share totalling to Rs. 2/- per share for the year 2020-21.

Gobind Sugar Mills Ltd: The Company which is a step down subsidiary of your Company did very well during the current year and posted total revenue of Rs. 792.20 crores (Previous year – Rs. 620.18 crores) due to full year operations of newly commissioned 100 KLPD Ethanol Plant and higher quantum sales of sugar. In the FY 2021-22, the Ethanol Plant will work at 100 KLPD throughout which will add to the bottom-line. The sugar prices are also hardening and is expected to be near Rs. 3,300 – 3,350 per quintal going forward.

The residential real estate market crashed because of Covid 19 pandemic and unsold inventory across the cities rose to 50 months' sales. In Q4 of FY 19 and Q1 of FY 20, due to significant delays in receipt of Government subsidies, drought like situation in key marketing areas led to deterioration of the Company's liquidity position along with elongation of the working capital cycle and also built up of high priced inventory. The Company was unable to pass on the increase in prices of raw materials to farmers leading to operating losses. However, the Company has entered into a Business Transfer Agreement with PPL for slump sale of the fertiliser assets at Goa which is expected to lead to stable operations in future.
